

Know their Value. Tell the Story.

Coordinators help build and sustain effective community schools. Now there is an app to support their success.

Use the ROI App for Community Schools Coordinators to **maximize** usefulness of data, **increase** efficiency and consistency in data collection processes, **increase** accuracy and credibility in data reporting, and **elevate** your ongoing evaluation efforts. Other features include:

- ✓ Document collaborations and contributions across *partners and programs*
- ✓ Inform and guide your *state and district-wide scaling efforts*
- ✓ Support implementation of your FSCS Program or Grant

Know their Value. Tell the Story.

The ROI app is the first part of the new Community Schools Data Hub. The ROI App and Data Hub will help community schools collect and report data to advocate for community schools locally and nationally. Tell your story and be part of the Coalition for Community Schools' story, too.

Starting at \$500/Site/Year.

To learn more about the ROI App as well as options for extended technical assistance, allocating funding for planned upgrades with the Community Schools Data Hub, and Letter of Support to include as part of your FSCS Application, [click here](#).

Release Date: March 2023

The ROI App was created in partnership with:
