Know your Value.
Tell your Story.

community schools coordinators

Coordinators help build and sustain effective Community Schools. Now there is an app to support their success.
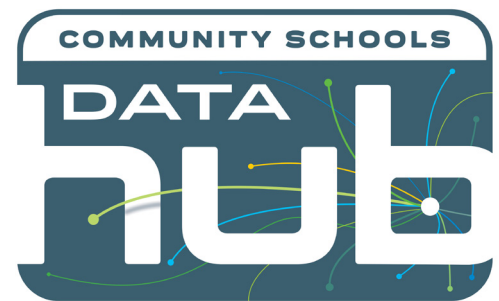

Use the ROI App for Community Schools Coordinators to **maximize** usefulness of data, **increase efficiency** and consistency in data collection processes, **increase accuracy** and credibility in data reporting, and **elevate** your ongoing evaluation efforts.
Other features include:

- ✓ **Simple, intuitive user interface**
- ✓ **Instantly track progress**
- ✓ **Powerful local and systems-level reporting**
- ✓ *Support implementation* **of your FSCS Program or Grant**

Know their Value. Tell the ^NATIONAL Story.

The ROI app is the first part of the new Community Schools Data Hub. The ROI App and Data Hub will help community schools collect and report data to advocate for community schools locally and nationally. Tell your story and be part of the Coalition for Community Schools' story, too.

Starting at $500/Site/Year.

To learn more about the ROI App as well as options for extended technical assistance and allocating funding for planned upgrades with the Community Schools Data Hub, <u>click here.</u>

COMMUNITY SCHOOLS DATA hub

Release Date: August 2023

The ROI App was created in partnership with:

apex
